

Print from Web

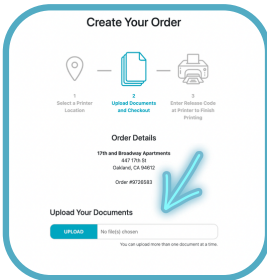

You can print from **anywhere** in your building and from **any** personal devices.

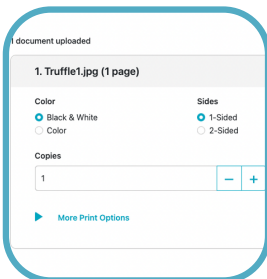

1 Visit the PrintWithMe **website**.

2 Select your printer's location.
Click "Search for a Private Location" and enter your building's name, address or printer email address.

3 Upload your file(s).

4 Select your preferred options and press "Complete Order & Print" to receive a secure release code.

5 When you arrive at the printer, enter the secure release code on the printer's touchscreen.
